PROGRAM:

Pathways Future Center School offers credit recovery courses. These courses are offered as online courses for students who are currently enrolled in an Adams 12 Five Star School. These tuition-based, digital courses are offered through our evening program. Each course is offered for 6 weeks and the expectation is that students work online from home. Students will meet with a teacher at the beginning of the course to receive a course syllabus, computer login, and basic instructions. When a student finishes a course, he or she must take the final at Pathways. Each course must be completed by the end of the hexter, or a grade of "F" will be recorded on the transcript. Letter grades for courses will be posted by Pathways teachers at the end of each hexter. With credit recovery courses, counselors at the home schools can adjust transcripts as needed once the new credit is received.
